Titel: Sweet Pain

we are all waiting for the summer rain
but when it comes it´s always the same
we´re getting sad and sometimes tired
and then we´re yearning for a brighter light

to be satisfied in a moment
to be satisfied with our lives
to be satisfied when we´re lonesome
even to be satisfied while we cry

we need the sun we need the rain
the brightest laughter and the deepest pain
but when we own someone we´re getting bored
enjoy your time and just look forward

to be satisfied in a moment
to be satisfied with our lives
to be satisfied when we´re lonesome
even to be satisfied while we cry

I praise the day
and enjoy my way
I praise the sun
even when it´s gone
i never felt what life is like
