Künstler: WHO DAT!?

Titel: AIDS

Dear diary 1998/
you will never believe what happened to me today/
I met up with this dawg that I knew back from highschool/
we used to hang out and act a fool/
talk about back in the days and what we used to do/
chasing girls on the playground to making big moves/
man it seems like yesterday when we used to bet about sex/
who would be the first to become a man and stick out his chest/
I could tell, looking at him there was something wrong/
he was drinking that liquor like there was no tomorrow/
I said ey dawg tell me what´s on your mind/
I can tell something´s wrong by the look in your eyes/
he looked down on the floor teardrops started forming/
and replied I´m about to change your life if I inform ya/
and that he did with the things that he said/
man I still can´t believe all the things he said/
he started off talking about this girl/
he fell in love with a relationship unfurled/
until one day he went to the doctor to get his blood checked/
and found out he has aids, I said what you didn´t protect/
I remember you saying never fuck without/
well it´s too late aint nothing we can do for you now/
but what came then knocked me right down from my chair/
he said the girl I was dating is your sister/

Dear diary 2018/
life went by quick I wish I had a time machine/
so I could go back 10 years, approach women differently/
cause on tour they were nothing but objects to me/
I used average 10 women a week/
but than i got dumb and pussy made me weak/
because it came to this one time I didn´t have a rubber/
my conscience said no but I still fucked her/
and now I´m chasing waterfalls feel Left Eye/
standing next to my sister looking down at my/
body in this bed can´t walk anymore/
turned into a cripple can´t even talk nomore/
these are my last lines before my last line goes flat/
spread my wings and fly away and never come back/
no, whoever thought the world would come to this/
90 percent of the population just being erased/
everybody has aids, still no cure has been made/
there´s maybe five years left for human race
Hey daddy, hey momma, Michael, Matthew, Melissa here I come

But I still fucked her (12x)
