Hey Mr. Johnson, I'm here to see Julie, were goin' for a ride you know...
Aaww man, we'll be back by ten, I promise!

Not a women yet, not a girl anymore,
You should stay at home tonight.
I'll be waitin' for you nothin' else to do.
Hope your ready to join my ride...

We go faster we go louder, straight forward never stop,
But at the very next empty parking lot Uh Baby...
We do the Backseat Rock
We gonna have some fun
It's only just begun...
Oh Yeah

So your daddy calls and he's runnin' wild,
But my wheels keep rollin' on.
Hear my motor roar, screamin' out for more,
As we drift from town to town...

We go faster we go louder, straight forward never stop,
But at the very next empty parking lot Uh Baby...
We do the Backseat Rock
We gonna have some fun
It's only just begun...
Oh Yeah

She goes:
Uh Uh Uh, Yah Yah Yah,
More, more, more in my old rude car,
Uh Uh Uh, Yah Yah Yah...

Ready for some action tonight...

(You wanna go for a ride?)

We go faster we go louder, straight forward never stop,
But at the very next empty parking lot Uh Baby...
We do the Backseat Rock
We gonna have some fun
It's only just begun...
Oh Yeah
